

Music Preference Form

We welcome your team’s input to the music design for their choreography! Please feel free to list any and all suggestions below.

Please understand that in order to incorporate any suggestions, we must have as much as the below information as possible.

Unfortunately, **providing BPDS with only phrases of lyrics is not enough information to process the request into the music design.**

If you’d like to submit any music for BPDS to use for your choreography design, **all music must be submitted on a CD.**
